Instructions for suppliers of axicorp Pharma GmbH

To prevent any misconceptions and to ensure smooth processing of your delivery within legal terms we ask for you to follow our instructions as listed below:

Requirements when preparing the product:

Please do not use Styrofoam Boxes or cartons without the appropriate lid when shipping goods to axicorp.

All product is to be packaged according to its individual storage and shipping conditions. Products which are not strictly required for (2 to 8°C) or (15 to 25°C) could be packed and labeled with sticker 2-25 °C.

Cool Products: (2-8°C)

Should the product ordered from you include goods which are required to be stored and distributed **exclusively** at temperatures **between 2°C and 8°C** we ask you to pack these **separately** (separate package) and label this pallet with sticker 2°C to 8°C.

Other Products: (15-25 °C)

Only combine half pallets of mixed goods (ambient product combined) into one, when storage and distribution requirements are compatible (2 °C to 25°C **or** 15°C to 25°C). If it is possible to combine, please label this pallet/package with the sticker 15°C to 25°C.

Labeling of packages

Please mark your shipments with your company name or attach packing lists on the outside of each package/palette, so they can be easily identified.

In addition, packages are to be labeled according to their storage and distributing requirements. Please use the stickers as shown here and attach them visibly on the outside
